The United States Environmental Protection Agency (EPA) is authorized under Section 309(g) of the Clean Water Act ("CWA"), 33 U.S.C. §1319(g), to assess a civil penalty after providing the person subject to the penalty with notice of the proposed penalty and the opportunity for a hearing, and after providing interested members of the public with notice of the proposed penalty and a reasonable opportunity to comment on its issuance. Under Section 309(g), any person who violates Sections 301 or 308 of the Clean Water Act, 33 U.S.C. §1311 and §1318, may be assessed a Class II civil penalty of up to \$157,500 by EPA. Class II proceedings for Section 309(g) of the CWA are conducted in accordance with the "Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders, and the Revocation, Termination, or Suspension of Permits" ("CROP"), which have been codified in the Code of Federal Regulations as Title 40, Part 22. The

Code of Federal Regulations and the Federal Register are available at most libraries and the EPA Internet site [www.epa.gov](http://www.epa.gov).

Section 22.13(b) of the CROP sets forth procedures for simultaneous commencement and conclusion of administrative civil penalty assessment proceedings where the parties agree to settlement of one or more causes of action. This is accomplished through issuance of a consent agreement and final order pursuant to Sections 22.18(b)(2) and 22.18(b)(3) of the CROP. The subject penalty assessment noticed herein follows the procedures set forth in Section 22.13(b).

The procedures by which the public may submit written comments on a proposed Class II penalty assessment or participate in a Class II penalty proceeding are set forth in Section 22.45(c) of the CROP. The deadline for submitting comments on a proposed Class II penalty assessment is 30 days after issuance of the public notice.
